Examiner's Note: If the athlete has Down syndrome, Special Olympics requires a full radiological examination establishing the absence of Atlanto-axial Instability before he/she may participate in sports or events which, by their nature, may result in hyperextension, radical flexion or direct pressure on the neck or upper spine. The sports and events for which such a radiological examination is required are: judo, equestrian sports, gymnastics, diving, pentathlon, butterfly stroke and diving starts in swimming, high jump, alpine skiing, snowboarding, squat lift, and football team competition (soccer).

I am aware that I must have this radiological examination before I can participate in equestrian sports, gymnastics, diving, pentathlon, butterfly stroke, diving starts in swimming, high jump, alpine skiing, and soccer.

Special Olympics has my permission, (both during and any time after), to use my likeness, name, voice, or words in either television, radio, film, newspapers, magazines, and other media, and in any form, for the purpose of advertising or communicating the purposes and activities of Special Olympics and/or applying for funds to support those purposes and activities.

If, during my participation in Special Olympics activities, I should need emergency medical treatment, and I am not able to give my consent or make my own arrangements for that treatment because of my injuries, I authorize Special Olympics to take whatever measures are necessary to protect my health and well-being, including, if necessary, hospitalization.

I, the athlete named above, have read this paper and fully understand the provisions of the release that I am signing. I understand that by signing this paper, I am saying that I agree to the provisions of this release.
